Ms. Vickie Ionno, Health Commissioner reported:

More people turned to the New Philadelphia City Health Department for their various medical needs last year. Health Commissioner Vickie Ionno highlighted her annual report that was distributed to each member of council and to any guests that were present.

She started out by pointing out the total number of services from all programs provided by the department in 2013 had increased by 2,031.

In 2012 the Health Department provided 13,859 services and 15,890 in 2013.

The increases were seen in all areas. Clinical services were increased by 642, Environmental Health services increased by 713 and Vital Statistics increased services by 676.

In addition:

Commissioner Ionno brought special attention to the color photos in the report booklet that portrayed DON, Nichole Bache offering HIV testing at Kent State University and a list of the multiple Public Health Celebrations conducted throughout the year. Near the back of the book was a picture of the Health Commissioner holding the Statewide "Immunization Coverage Improvement Award" that the Department received in October 2013 at the Cleveland Conference.

Commissioner Ionno ended her presentation by inviting the group to "save the date" for the New Philadelphia City Health Department's 160th Anniversary. She said that her Department would be hosting an Open House on July 22nd 2014 from 10:00 AM-4:00 PM. She mentioned that the Department will have many antique medical instruments and Board of Health Minutes dating back to the Flu Pandemic of 1918.

She ended her presentation by entertaining questions from the group.

She was praised by the City Council President, Sam Hitchcock for the hard work and success.

He complemented her wiliness to speak about health issues in the community and mentioned her upcoming tobacco presentation to the youth group at the park in May.

TREASURERMR. AARON HILLYER
EXCUSED ABSENCE

LAW DIRECTORMR. MARVIN FETE

The Law Director reported the following:

April 17th, 2014:

The Law Director spent the morning prosecuting in New Philadelphia Municipal Court.

Filed two additional Default Judgments on behalf of the City to close areas for the West High Widening Project.

Received a Judgment Entry back that we were successful on, in settling the matter on the West High Widening Project. One of our hold outs that had not yet settled to allow us to take that land for the widening for what we are intending to do.

Met with representatives from RITA and have approved that contract as to form and made Recommendations earlier, which Council heard, during the Finance Committee Meeting.

April 21st, 2014:

Received a notice of foreclosure on one of the CHIP recipients.

Filed on behalf of the City Notice of appearances and answer to complaint with the Court on that foreclosure.

April 23rd, 2014:

Met with the Health Commissioner Vickie Ionno, she had some interesting questions for him that he did not have the answers for in regard to an anonymous e-mail request in regards to Open Public Records.

The Law Director prepared an entire report which has been drafted but needs proof read. Law Director doesn't want to speak on it until all Members of Council has had the opportunity to have a copy and to read it. They appear to be being addressed differently by different departments.

Law Director wants to make everyone knows the correct and proper way to respond to a Request to Release Record. Law Director will release the report Wednesday at the latest. The Law Director is recommending a policy.

Had a telephone conference with Attorney Joseph Tropodi who represents River Gas Station. The City is in a lawsuit in the New Philadelphia Municipal Court with River Gas Station over a prior lien.

We had a phone conference on that, had a settlement conference with Judge Keppler who is the visiting Judge. The current judge can't sit since we finance that Court. We came to a resolution for that and it is going to be resolved shortly.

That same day, the Law Director met with Water Superintendent to get some information that he needed in regard to that lawsuit and also drafted for him a draft for releasing liens we get from the County.

The only way we can collect from people that owe us for providing water or garbage pickup is by putting a lien on their property. The County use to do this twice a year now they do it as soon as we send it over.

If it had already transferred ownership we can't hold the new property owners liable for it.

If it is done before the transferring of ownership a lien runs with the land so it attaches. So if the person buying the property it is put on public notice that has to be settled in order to get a cleared title for the property. This would have to be settled at the time of the closing.

Comment from Ms. Ionno:

Ms. Ionno checked with the Ohio Department of Health and 35 Health Departments received the same anonymous request she did.

Law Director thanked Ms. Ionno for the information.

VISITOR’S COMMENTS:

Bart Eames and Daughter Eleesa
418 Union Avenue NW
New Philadelphia, Ohio 44663

Mr. Eames’ concern was for his eight year old daughter, Eleesa Eames (Second Grader at Central Elementary School) safety as well as other student’s safety because of the illegal parking at Central Elementary School. Mr. Eames feels because of the illegal parking it has become a dangerous situation and is requesting that the problem be resolved before somebody is hurt. He expressed the concern that procedures need to be followed and enforced.

Comment from Council Member Mr. Zucal:

The best and safest way for our students to be Dropped-off and Picked-up is to use the Drive-Through Pick- Up Lane on First Drive NW and Mr. Zucal would encourage any of our families to take advantage of that. It is certainly the best and the safest way for kids to arrive at school or leave at the end of the day.

16-2014 RESOLUTION OF THE CITY OF NEW PHILADELPHIA, OHIO, FOR THE PURPOSE OF SUPPORTING STATE ISSUE 1, THE RENEWAL OF THE STATE CAPITAL IMPROVEMENTS PROGRAM. (2ND READING)

Motion to suspend the rules made by Mr. Lautenschleger,
Seconded by Mr. Lanzer
Roll call, 5 yeas and 1 nay (Mrs. Ramos)
Suspension of the rules has failed on Resolution 16-2014

Comment from Council Member John Zucal:

“Reminded folks That Legislation is the Legislation that allows us to take on the Five Points Storm Sewer Project allows us for the potential of the CDBG and the Neighborhood Revitalization Grant, has enhanced numerous areas of our City, and would be the beneficiary of it as we develop the area around the West School.

Again that was a very important piece of Legislation.

The reason for the suspension of rules was to allow us to comment one way or another as Council prior to the election on May 6th, 2014.”

Comment from Council Member Mrs. Cheryl Ramos Ward 1:

“City Council Members and other Elected Officials hold a sacred trust. Because of that trust, I believe it is not appropriate for Council to encourage voters to vote one way or another on an issue. Council should and must remain neutral.

The ethical position would be to encourage voters to research the issues and to make an informed vote.

For Resolutions approved by City Council, it is our duty to use the text/summary of the proposed Constitutional Amendment as it appears on the ballot. In other words, any Resolution regarding an issue should include only facts and the text, not the “talking points” produced by proponents or opponents of an issue. Additionally, Council should not make guarantees that no new taxes will be required to repay the bonds. This cannot be guaranteed. All debt has to be paid back with someone’s money.

Therefore, I do not support Resolution 16-2014. Because of our sacred trust and “authority”, Council should not tell voters how to vote on an issue. Producing a Resolution in support of or against any issue is, in my opinion, certainly outside the legitimate scope of our job.

Any campaigning for or against issues should be in our own names and on our own time, not as a City Council.”

Comment from Council Member Darrin Lautenschleger:

“This piece of legislation, quite simply, has funded \$6 million worth of projects in this City alone And it would be silly for this City not to support this funding program and to continue to support that. I understand the comments that you made Ms. Ramos the projects that are slated in our City Coming up are squarely in your Ward and would benefit from this program.”

Comment from Council Member John Zucal:

I personally as a Member of City Council would like to ask the Citizens of New Philadelphia to please vote in favor of State Issue 1. I believe an endorsement of that nature has been supported by the Ohio Municipal League which provides guidance and directions for municipalities of the State of Ohio. It has bipartisan support in the Ohio Legislature from both Democrats and Republicans and has passed in much the same form under both Democratic and Republican Governors of the State of Ohio. If we want our infrastructure to continue to be maintained in the City of New Philadelphia the availability and the use of government funds as Mr. Lautenschleger said in large amounts comes directly from State Issue 1. For our citizens not to hear that we support that type of issue, I think it would be a gross misjustice by us not to inform them, the beneficiaries that each and every one of us are in the City.”

Comment from Council Member Sandy Cox:

“I don’t usually support issues on the ballot, but this one is special to the City.”

She pointed out that the resolution stated that Tuscarawas County has been able to complete more than 35.8 Million worth of infrastructure projects since the capital improvement program began in 1987. It has improved roads, bridges, water, wastewater facilities to benefit Tuscarawas County If we don’t have this money available to us, I don’t know how we will do a sewer plant a water plant, we have to have the money this is the only way we can get it. This is for our City and for jobs.

Comment from Council Member Rob Maurer:

“I want my constituents to know I strongly support State Issue 1.”

If we hadn’t in the past received that \$6 million would not have been funneled through New Philadelphia it would have gone elsewhere for projects that would not have been completed here so It would ludicrous for people not to support that issue.

Comment from Council Member Dan Lanzer:

Mr. Lanzer said he was also strongly in favor of State Issue 1 passing.

17-2014

A RESOLUTION BY THE COUNCIL OF THE CITY OF NEW PHILADELPHIA, TUSCARAWAS COUNTY, OHIO AUTHORIZING AND DIRECTING THE MAYOR OF THE CITY OF NEW PHILADELPHIA TO ACT AS THE SIGNATURE DESIGNEE FOR THE ADOPTION OF AN ANTI- DISPLACEMENT AND RELOCATION ASSISTANCE FOR LOCAL GOVERNMENT PLAN, AND DECLARING AN EMERGENCY.
