### **Public Comments**

Joy Dawson gave a presentation on behalf of the pickle ball organization, encouraging board members to support their request for converting the use of the upper tennis courts to pickle ball courts. The board informed the group that construction of pickle ball courts and a new restroom were planned in phase three of the Park Board's outdoor recreation improvements at Tuscora Park. Ms. Dawson said a member of their group, Karen Jenkins, offered to help search for money and write grants to pay for the construction.

Following the presentation, the board held a lengthy discussion on pickle ball court construction. All agreed that fundraising was the top priority, and it could be a project for the Tuscora Park Foundation to undertake. President McInturf said he would contact Jeff Funk of the pickle ball group to tell him that the group should focus on fundraising. The board members agreed that four courts should be built. Meantime, Supt. Miller said he would have signs erected at the tennis courts warning against the removal of taped pickle ball court markings.
